

# Benefits Built to Stand the Test of Time.

Our philosophy is to provide employers with Health & Benefit Plans that are sustainable, cost-efficient, and provide excellent coverage and protection.

**Affordable Care**

**Reduced \$ Impact**

**Health Safe-Haven**

# About A-Frame

A-Frame is a health plan ecosystem that represents sustainability, efficiency, and fortuitous structure that reduces impact while providing warmth and shelter to withstand the test of time. Our health plans are designed to provide key structural Health & Benefit components while allowing our plan sponsors and broker partners plenty of room to furnish and design the Plan interior as they please - without the many common and unnecessary barriers and revenue-driven oversights.

A-Frame Health Plans is designed and managed by a fellowship of Advisors, Consultants, and Healthcare Professionals that are all mission aligned in improving healthcare services and outcomes, reducing costs and inefficiencies, and empowering employers and employee families to take control of their health and well-being.
